Task Sheet No. 7:
ASSESSMENT TOOL WITH TOS

INSTRUCTION:

As a pre-service teacher, you are task to develop a comprehensive assessment tool aligned with the performance standard and learning competencies based on your Budget of Work. Prepare a valid and reliable assessment instrument (summative exam/performance task) that measures students' knowledge, understanding, and application of the concepts covered. The assessment tool must include a Table of Specifications (TOS) that clearly presents the distribution of test items according to the learning outcomes or topics, instructional time allotment, and cognitive levels based on the revised Bloom's Taxonomy. Ensure that the assessment items are appropriate, clearly worded, aligned with the TOS, and proportionately distributed according to the relative importance of each topic. Submit the completed assessment tool together with its TOS and answer key, ensuring that the materials are accurate, organized, and ready for classroom use.
